

UNIT 15 REVIEW TEST LISTENING SCRIPT

- Silvia:** Hi, Justin. How are you?
- Justin:** Not good. Science class is difficult.
- Silvia:** Really? But you always get good grades.
- Justin:** That's true. But not for science class. Hey, you do well in science, right?
- Silvia:** Yes. I love science. I think it's more interesting than math.
- Justin:** Not me. I think math is easier than science.
- Silvia:** I don't like math. But math is easier than French.
- Justin:** French is hard. Hey, can you help me in science class?
- Silvia:** Sure. How can I help?
- Justin:** I'm worried about the test on Friday.
- Silvia:** OK. Let's meet and study together.
- Justin:** OK. I'll bring the last homework. I really didn't understand it.
- Silvia:** That's a good place to start. Are you free Thursday morning?
- Justin:** No, I am working on a project for French class. I'm free in the afternoon. Or the evening.
- Silvia:** OK, let's meet in the evening. Say, 6 p.m.?
- Justin:** Great. See you then!
