READING**PART 5****Read the two letters. Then choose the correct answers.****Letter 1**

TO THE EDITOR:

Last week, President Clark talked about plans for a new fitness center for our college. The center sounds great. It's going to have a beautiful gym, an indoor running track, an Olympic-size pool, a basketball court, exercise machines, and weight-lifting equipment. But this fitness center is going to cost a lot of money.

Where is the money going to come from? You guessed it. Most of the money is going to come from us. Our tuition is going to increase. That's why I'm against the plan.

With a tuition increase, we are going to need to work while we go to school. We're not going to have time to enjoy the fitness center. We're not going to have time to study.

Why is President Clark doing this? He only wants a fitness center because other schools have them. He thinks more students are going to come here if we have a new fitness center. But we're here for a good education, not to go to a gym.

Letter 2

TO THE EDITOR:

A week ago, President Clark announced plans for a new fitness center for our college. I love the idea. It's going to give us a chance to exercise and to relax before and after classes. College is not just a time to sit in a library and study. It's a time for us to make our bodies and our minds stronger.

When the gym is ready to use, I'm going to go there every day. Yes, we're going to pay for it. There is going to be a tuition increase. But, in my opinion, a gym is going to improve our lives.

Last month, a study showed that students gain 10 pounds (4.54 kilograms) in their first year of college. I'm pretty sure that's not going to happen once we have our new fitness center.

- 1 The two letters are about _____ on a university campus.
 - A students' health
 - B a new building
 - C the money
- 2 How will the university pay for the fitness center?
 - A It will increase students' tuition.
 - B Other schools will give it money.
 - C Students will pay to use the fitness center.
- 3 According to the author of the first letter, President Clark would like to have a fitness center because _____.
