

UNIT 31 REVIEW TEST LISTENING SCRIPT

Elizabeth: Hey, Sarah. You're going to study music in graduate school, aren't you?

Sarah: Hey, Elizabeth. Actually, I haven't decided. I love playing the violin, but I also really love art and design. I'm actually talking to the design department today. What about you?

Elizabeth: I'm definitely studying acting! But I can't decide between the theater program at Bluestone University and Everwoods University.

Sarah: Wow Elizabeth, that's awesome! Great schools! Which one is cheaper?

Elizabeth: Bluestone is much cheaper than Everwoods. I would need to find a job to go to Everwoods.

Sarah: Which has smaller classes?

Elizabeth: Bluestone does, I think. Bluestone also has more interesting classes. I really like that. The professors at Everwoods are better, though.

Sarah: Did you visit the schools? Which city is easier to live in?

Elizabeth: Yeah, I went to both universities. Everwoods is in a nicer city. The area around the university is very nice. There's a really great apartment building for students. The person who built it was famous, I think. And there's a beautiful theater downtown.

Sarah: Cool. What about the people? Which one has friendlier students?

Elizabeth: Well, both cities have a similar population. I think Bluestone has more people, but I'm not sure. Both schools have really nice students and professors from different backgrounds and places. It's hard to decide!

Sarah: What does your adviser recommend?

Elizabeth: I haven't talked to her, yet. That's a good idea. I'll call her now.
