READING**PART 3****Read the email. Then choose the correct answers.**

Hi Mom,

Thank you for helping me with my job search. You asked me to answer a few questions about my future, so here are my thoughts.

First, I want to do something fun. I intend to do something I enjoy. I like working with computer software, so I plan to look for jobs at technology companies like Facebook or Google. But those jobs are hard to get after college, so I'm thinking about doing an internship somewhere. I can get experience at an internship.

Also, I'd prefer to live in a big city, so I don't think I should stay in Madison, Wisconsin. So, after I graduate, I need to move. I'm thinking about living in Chicago or New York. There are a lot of tech companies in those cities, and the big ones have offices in them, too. Getting a job in Chicago or New York might be easier than in San Francisco. I'm not sure, though, so I'll continue to find out more about getting a job.

Anyway, thanks for the help. Let me know if you have any thoughts.

Love,

Ray
