

UNIT 2 REVIEW TEST LISTENING SCRIPT

Roberto: When did you arrive in the United States?

Lucille: I came two years ago. How about you? When did you come here?

Roberto: Three years ago.

Lucille: Were you married at that time?

Roberto: No, I met my wife Marcela in 2003 at the restaurant where we worked. We also lived in the same apartment complex, but we didn't realize that until after we started dating. We got married two years later.

Lucille: And when did you become an engineer?

Roberto: Last year. I started my studies in Mexico. That was in 2001. I completed my studies here in the States. Lucille: Did I hear you're going to be a father soon?

Roberto: Well, actually, I already am. I became a father yesterday.

Lucille: Congratulations!
