READING**PART 3****Read the article. Then choose the correct answers.****The Pearl of Dubai**

The United Arab Emirates has made a public statement that it is in the final stages of selecting the design plan for an underwater theme park called the “Pearl of Dubai.” A representative for the chosen design house explained that, over the past year they had given their client a number of different proposals and have just submitted the final version. He said they had put their freshest minds into the creation of what will be the world’s largest sustainable, underwater tourist site. Currently they are waiting on final approval.

The company has not let anyone know where the location actually will be, but we do know it will be somewhere in the artificial archipelago of over 300 man-made islands off the coast of Dubai. The idea is to make a massive, ancient ruin based on Atlantis, the mythical lost city, that will let the natural habitat and fish thrive within it. The UAE intends to let people snorkel or scuba dive among the ruins, as if they are discovering an ancient city for first time.

The proposed site, of approximately 5 acres, is in waters that are on the endangered list, after having been over-fished many times the limit. This project intends to let the natural wildlife return and hopes to help restore the waters to their original state.

When the project is complete the design company believes the Pearl of Dubai will help to attract many more tourists to the area, and that UAE can get a piece of the \$1.8 billion global market for snorkeling and scuba diving tourism.

- 1 Which is true according to the article?
 - A The proposal is approved and production is starting early.
 - B Design is waiting final approval and then production can start.
 - C UAE has decided to stop the progress until they receive more designs.
- 2 What does the article suggest about the natural environment around Dubai?
 - A The wildlife in parts of Dubai has been abused.
 - B All the islands off the coast of Dubai are natural.
 - C Atlantis used to be under Dubai.
- 3 Which reason for building the underwater theme park is NOT mentioned in the article?
 - A to restore the natural resources around Dubai
 - B to recreate the lost city of Atlantis
 - C to use seawater that can’t be used for drinking

SPEAKING

PART 5

People all over the world keep animals. Talk about the reasons you think people choose to do this and whether some animals make better pets than others. Consider these questions in your response:

- What do people get their animals to do that affects the animal negatively?
- Many people keep pets in cages, small apartments, and controlled areas. What do you think the results of this could be?

WRITING

PART 6

There are various reasons why animals are kept in captivity. Most often it is for human entertainment, sometimes it is for an animal's survival or safety, and other times so that research can be done.

Do you think there is ever a good reason to keep an animal in an artificial environment? Write a paragraph giving your opinion on these issues and the reasons why you feel that way.
