PART 2**Choose the correct word or words to complete the article.**

Where parents send their children to school is an important decision, and experts say parents should consider all the advantages and disadvantages of both public and private schools before making a decision. However, some people don't know **(1) how public and private schools are / how public schools are private schools / how are public and private schools** different. This report may help. In the United States, the issue of **(2) who pays for the schools / who does pay for the schools / who do pay for the schools** is what differentiates public and private schools. While the government pays for public schools, organizations not associated with the government pay for private schools. Private schools also charge students tuition, which is a fee that helps pay for the costs of instruction. One disadvantage of private schools is **(3) how are tuition costs high / how high tuition costs are / how tuition costs are high. (4) Fact / The fact / The fact that** private schools charge tuition is one reason many children go to public schools. Since private schools are not paid for by the government, they do not have to follow certain government regulations.

Additionally, in public schools the government decides what requirements to follow for attendance and graduation, while private schools may establish some of their own requirements. **(5) How private schools use / How do private schools use / How use private schools** this freedom can vary considerably. Most private schools try to determine **(6) why / that / what** requirements fit the needs of their students before they decide school policies.

NAME _____ DATE _____

(7) If / When / Whether to send your child to a private or public school is a big decision. Parents must recognize that each type of school is very different. Experts claim that parents should carefully research any school they are considering to see **(8) whether or not it is / whether or not is it / Whether not it is** right for their children.
