Dear Mom and Dad,

I just arrived here in my new home, and I'm exhausted. Had I **(1) knew / know / known** that I would have so much trouble getting here, I would have done things differently. First of all, I put my passport in my pocket instead of in my bag, and I lost it! Dad, I know you recommended that **(2) I not keep / I don't keep / me not to keep** it there, but did I listen? No! **(3) Had I not / Had not I / Did I not have** put my passport in my pocket, I could have avoided a big mess. When I got off the plane, the immigration officer asked that I **(4) show / will show / showed** him my passport. But I couldn't find it anywhere! I was so nervous because the officer wouldn't let me through without it. **(5) Hadn't I lost / Did I not lose / Had I not lost** my passport, I wouldn't have missed my connecting flight. Also, if I **(6) am thinking / were thinking / had been thinking**, I would have taken my host family's number with me. If **(7) I had called / Were I to call / I would have called** them, they wouldn't have gone to the airport to get me. Were I to do it all over again, I **(8) will / would / am going to** definitely be more careful. But luckily for me, my host family was very sympathetic and they've been very gracious welcoming me into their home.

Love,

Jen
