MR. BUG'S PHONICS

Mr. Bug's Phonics 1 and *2* provide a fun and effective way to teach young children how to read in English.

In each unit, children are introduced to English words through an amusing story. They go o[illegible]ractice phonics and vocabulary through songs, chants, li[illegible]tivities, and writing practice. Stickers included at the [illegible]book reinforce new vocabulary and add to the fun.

396.00

Mr. Bug's Phonics 1 teaches the 26 letters of the English alphabet and their sounds, including an introduction to the short vowel sounds. *Mr. Bug's Phonics 2* focuses on consonant blends, vowel combinations, and long vowel sounds. Both books provide a firm foundation in early reading development.

Each level consists of a Student Book, a Teacher's Book, a Cassette, and Phonics Cards. The Teacher's Books and Cassettes are available in both Monolingual (English) and Bilingual (English-Chinese, English-Japanese, English-Korean) versions. *Mr. Bug's Phonics Cards 1* shows the upper and lower case letters of the alphabet, and *Mr. Bug's Phonics Cards 2* features consonant blends and vowel combinations.
