**Sample answer:**My favourite traditional dish from my  
country is called Feijoada. It's a dish made  
from black beans, with different types of  
meat in it. In my family, we make it with  
beef. The ingredients vary in different parts  
of Brazil, but it always has black beans. We  
eat it with rice and salad.We usually eat Feijoada on Sundays, for  
lunch. We eat it slowly and usually watch  
the football on TV at the same time. I  
really like it because it's much more than  
just lunch. It's a time for family to come  
together and have fun.**Exam Time 2 Units 1-6****Exercise 1**

**Sample answer:**Hi Fiona,  
I'm really excited about your visit too! I  
can't wait to see you again!  
I've got lots of plans. We aren't going to  
visit anywhere outside the city because I  
don't think we'll have time. Anyway, there  
are lots of things to do here. You're right,  
the shops here are great. My favourite one  
is a big department store in the centre. We  
can spend at least a day there!  
Can you bring some comics from the US?  
I love comics, and they'll also help me  
practise my English, so I'd love to read  
some.  
See you soon,**Exam Time 3 Units 1-9****Exercise 1**

**Sample answer:**  
Personally, I believe that exams are a good  
way to assess students. They are an easy  
way to test if a student has learned a  
subject. For example, if they need to know  
how to calculate something in Maths, they  
can show this during an exam.On the one hand, people often say that  
exams are too stressful and that it is better  
to test students during the school year,  
through projects and quizzes.  
However, while exams are stressful, this can  
help students take them seriously. And  
when they pass exams, it will improve their  
confidence.In conclusion, I agree with the use of exams  
to assess what students have learned.
